Programming Languages (C++, JavaScript, C, PHP), Web Development Frameworks (Node.js, React, Bootstrap), Databases (MySQL, MongoDB), Version Control (GitHub), Microsoft Office Suite (Excel, Presentation), Problem-Solving, Adaptability, Creativity, Client Handling, Strong Interpersonal Communication, Presentation Skills

WORK EXPERIENCE

Freelancer | *Various Clients*

- Designed and developed a full-stack web application for a small business, managing frontend, backend, and payment gateway integration, with a project value of ₹5000 (GST no: 37AAACT0686N1ZV), driving client satisfaction and repeat business through technical expertise and strong communication skills.
- Utilized technical skills to deliver high-quality solutions, ensuring client satisfaction and driving business growth through effective problem-solving and leadership.

PROJECTS

Farmer Portal – Scheme Eligibility System

A farmer-centric web application that helps users instantly check their qualification for multiple government welfare schemes.

- Engineered a reliable server-side system using PHP to handle farmer data, apply eligibility rules, and associate users with applicable schemes, showcasing technical expertise and attention to detail.
- Crafted a clean and easy-to-navigate interface that displays eligibility outcomes in a structured and understandable format, enhancing usability for farmers with diverse technical backgrounds and driving user engagement.

Mitai Garage – Sweets E-Commerce Platform

A digital platform for product browsing and order placement, addressing the lack of an online presence for a traditional sweets business.

- Developed a responsive full-stack application using HTML, CSS, JavaScript, Node.js, and Express.js, integrating REST APIs and a secure payment gateway, driving business efficiency and customer accessibility.
- Successfully delivered a user-friendly e-commerce solution that simplified online ordering, improved customer engagement, and enhanced overall business efficiency through effective problem-solving and technical expertise.
